## PUBLICATION OF BUDGETARY MATERIAL

STATUS REPORT ON CURRENT SPENDING LEVELS OF ON-BUDGET SPENDING AND REVENUES FOR FY 2021

> House of Representatives. COMMITTEE ON THE BUDGET.

Washington, DC, October 16, 2020. DEAR MADAM SPEAKER: To facilitate application of sections 302 and 311 of the Congressional Budget Act of 1974, I am transmitting an updated status report on the current levels of on-budget spending and revenues for fiscal year 2021. This status report is current through October 2, 2020. The term "current level" refers to the amounts of spending and revenues estimated for each fiscal year based on laws enacted or awaiting the President's signature.

Table I compares the current levels of total budget authority, outlays, and revenues to the overall limits filed in the Congressional Record on May 1, 2020 for fiscal year 2021 and for the 10-year period of fiscal years 2021 through 2030. These comparisons are needed to implement section 311(a) of the Congressional Budget Act of 1974, which establishes a rule enforceable with a point of order against measures that would breach the budget resolution's aggregate levels. The table does not show budget authority and outlays for fiscal years 2022 through 2030 because annual appropriations will not be considered for those years until future sessions

Table 2 compares the current status of discretionary appropriations for fiscal year 2021 with the section 302(b) suballocations of discretionary budget authority and outlays among Appropriations subcommittees. The comparison is needed to enforce section 302(f) of the Congressional Budget Act of 1974 because the point of order under that section equally applies to measures that would breach the applicable section 302(b) suballocation. The table also provides supplementary information on spending authorized in excess of the base discretionary spending limits under section 251(b) of the Balanced Budget and Emergency Deficit Control Act of 1985.

Table 3 compares the current levels of budget authority and outlays for legislative action completed by each authorizing committee with the limits filed in the Congressional Record on May 1, 2020, for fiscal year 2021, and for the 10-year period of fiscal years 2021 through 2030. These comparisons are needed to enforce the point of order under section 302(f) of the Congressional Budget Act of 1974, which prohibits the consideration of measures that would breach the section 302(a) allocation of new budget authority for the committee that reported the measure. It is also needed to implement section 311(c), which provides an exception for committees that comply with their allocations from the point of order under section 311(a).

In addition, a letter from the Congressional Budget Office is attached that summarizes the budget impact of legislation enacted since May 1, 2020.

If you have any questions, please contact Jennifer Wheelock or Raquel Spencer. Sincerely,

> JOHN YARMUTH, Chairman.
